Summary

- Review of curriculum offer and structure
- Reflective of labour market demands for future workforce
- National and Local review of Senior Phase presentations indicate supports for this model.

Why Wait!

Initially Planned for current S1 coming through but ready now.

We want to enable S2 pupils to have this best opportunity and not 'just miss out'.

- Personalisation exercise from 24th March
- 2 year courses offering progression and depth right through to presentation in S4
- 7 presentation subjects instead of 6
